Welcome to MacroVoices Research Roundup, a FREE

compilation of interesting
investment research from your
friends at MacroVoices. We never
intend to SPAM anyone, and there
is a safe-unsubscribe link at the
bottom of this message if you don't
want to receive future mailings. But
before you opt out, please note we'll
never send you marketing or sales
literature - this e-mail distribution list
is for worthwhile content distribution
only!

Featured Guest: Vikram Mansharamani

Post-COVID19 Economic Outlook

Erik Townsend and Patrick Ceresna welcome Vikram to
MacroVoices. Discussions include:

- What kind of recovery should we expect post-COVID19?
- Increasing civil unrest – what could that mean for investors?
- Will this “work from home” trend continue even after the crisis is over?
- What are the least obvious implications of this crisis?
- Impacts of the crisis on businesses and supply chains moving forward
- US/China geopolitical relations
- Perspective on the US dollar as the world reserve currency
- Implications of a secular shift from deflation/stagflation to inflation

Beyond Blockchain

[Check out Erik Townsend's new book!](#)

The cryptocurrency trend of the past few years has continued to grow despite widespread predictions that it would just be a flash in the pan. Blockchain is suddenly everyone's favorite buzzword. But what if there's more to this story than meets the eye? What if Digital Currency is about to change the world in ways beyond our imagination? And what if geopolitical forces our politicians don't even understand have already inspired China and Russia to use Digital Currency to attack the U.S. Dollar's dominance over the global financial system?

Erik covers these subjects and more in his recently published book. Please visit www.macrovoices.com/bb for more information and to order the paperback, Kindle, or audiobook.
