Welcome to MacroVoices Research Roundup, a FREE compilation of interesting investment research from your friends at MacroVoices. We never intend to SPAM anyone, and there is a safe-unsubscribe link at the bottom of this message if you don't want to receive future mailings. But before you opt out, please note we'll never send you marketing or sales literature - this e-mail distribution list is for worthwhile content distribution only!

Featured Guests: Daniel Lacalle

The Situation in Europe is Worse Than You Think

Erik Townsend and Patrick Ceresna welcome Daniel to MacroVoices. Discussions include:

- Energy crisis in Europe
- EU policy makers and their beliefs in efficacy of sanctions
- Nord Stream pipeline sabotage
- What level of hardship is expected in Europe in coming months
- Inflation and demand destruction
- Will energy supply return to pre-pandemic levels?
- Investing in current economic landscape
- Outlook on US dollar

Beyond Blockchain

The Death of the Dollar and the Rise of Digital Currency

[Check out Erik Townsend's new book!](#)

The cryptocurrency trend of the past few years has continued to grow despite widespread predictions that it would just be a flash in the pan. Blockchain is suddenly everyone's favorite buzzword. But what if there's more to this story than meets the eye? What if Digital Currency is about to change the world in ways beyond our imagination? And what if geopolitical forces our politicians don't even understand have already inspired China and Russia to use Digital Currency to attack the U.S. Dollar's dominance over the global financial system?

Erik covers these subjects and more in his recently published book. Please visit www.macrovoices.com/bb for more information and to order the paperback, Kindle, or audiobook.
